RESOLUTION APPROVING APPLICATIONS OF UNITS OF LOCAL GOVERNMENT FOR THE ISSUANCE OF GENERAL OBLIGATION REFUNDING BONDS IF THE REFUNDING ISSUE MEETS CERTAIN CRITERIA AND AUTHORIZING THE PUBLIC OR PRIVATE SALE OF SUCH REFUNDING BONDS

WHEREAS, The Local Government Finance Act, Chapter 159 of the General Statutes of North Carolina (the "Act") in Article 4 thereof prescribes a uniform system of limitations upon and procedures for the exercise by all units of local government in North Carolina of the power to borrow money secured by a pledge of the taxing power through the issuance of to issue general obligation bonds;

WHEREAS, G.S. 159-51 provides that no general obligation bonds may be issued under the Act unless the issue is approved by the Local Government Commission (the "Commission") following the filing of an application with the Secretary of the Commission for Commission approval of the issue, which application shall state such facts and have attached to it such documents concerning the proposed general obligation bonds and the financial condition of the issuing unit as the Secretary may require;

WHEREAS, G.S. 159-52 provides that the Commission shall approve the application if, upon the information and evidence it receives, it finds and determines the matters covered by Section 159-52 and described below; and

WHEREAS, from time to time units of local government have opportunities to issue refunding bonds under the Act in refunding transactions that produce debt service savings to the unit as a result of market conditions at the time of the sale and issuance of the refunding bonds; frequently time is of the essence in obtaining access to financial markets for the sale of such refunding bonds; and the Commission has determined to facilitate timely market access to the financial markets by approving applications for the issuance of refunding bonds under the Act under certain conditions;

WHEREAS, Article 7 of the Act authorizes the Commission to sell general obligation bonds to refund general obligation bonds at private sale without advertisement to any purchasers thereof at such prices as the Commission determines to be in the best interest of the issuing unit, subject to the approval of the governing board of the issuing unit or one or more persons designated by resolution of such governing board to approve such prices, and the Commission has determined to authorize the private sale of refunding bonds that meet the requirements of this resolution;

NOW, THEREFORE, BE IT RESOLVED by the Local Government Commission that:

Section 1. The Commission hereby approves the issuance of bonds pursuant to applications that may be filed with the Commission by units of local government for the issuance of general obligation refunding bonds under the Act if (i) the refunding produces net debt service savings to the unit, (ii) the refunding debt does not have a final maturity later than the final maturity date of the debt to be refunded, (iii) the refunding transaction produces approximately level annual debt service savings to the unit over its duration and (iv) the additional requirements set forth in Section 2 are satisfied. An application so filed

Resolution Approving Applications – Certain General Obligation Refunding Bonds**July 1, 2025****Page 2**

shall include a financial analysis prepared by or on behalf of the unit setting forth the debt service on the bonds to be refunded and the expected debt service on the refunding bonds, which analysis must demonstrate that the requirements of (i), (ii) and (iii) are met.

Section 2. G.S. 159-52 provides that the Commission shall approve an application for a general obligation bond issue under the Act if it makes the findings and determinations set forth therein. The approval by the Commission set forth in Section 1 of applications for the issuance of general obligation refunding bonds is based on the following findings and determinations by the Commission and additional requirements of an application:

- (1) The finding that the proposed bond issue is necessary or expedient is based on the requirement that the refunding issue must produce net debt service savings, may not have a final maturity date later than the final maturity date of the refunded bonds and must produce approximately level annual debt service savings to the unit, and therefore the refunding issue is expedient.
- (2) The finding that the proposed amount of such proposed refunding bonds is adequate and not excessive for the proposed purposes thereof is met if the refunding bonds are issued in an amount sufficient to refund the refunded bonds and pay related costs of issuance of the refunding bonds and for no other purpose.
- (3) The finding that the unit's debt management procedures and policies are good is met if the unit has not defaulted on any debt obligation in the preceding ten years, has timely filed its most recent audited financial statements with the Commission in accordance with the then current Commission requirements and is not a unit on the most recent Unit Assistance List issued by the Department of State Treasurer.
- (4) The finding that the increase in taxes, if any, necessary to service the proposed bonds will not be excessive is met because under the requirements of Section 1, no increase in taxes should be necessary to service the proposed refunding bonds.
- (5) The finding the proposed bonds can be marketed at reasonable rates of interest is met if the financial analysis filed with the application meets the requirement of item (6) below.
- (6) The finding that the assumptions used by the finance officer of the unit in preparing the statement of estimated interest filed with the clerk pursuant to G.S. 159-55.1(a) are reasonable is met if the assumptions used are consistent with the financial analysis filed with the application and the Secretary of the Commission determines that the interest rate assumptions used by the finance officer are consistent with the interest rate on actual sales of comparable general obligation bonds recently sold in the State.

Section 3. Bond issues approved by the Commission pursuant to this resolution may be sold at public or private sale as requested by the unit in the application for approval. If the bonds are sold at public sale, the bonds shall be sold in accordance with Article 7 of the Act. If a unit requests a private sale of bonds, the unit shall adopt and file with the Commission the resolution required by G.S. 159-123 prior to any sale of the bonds.

Resolution Approving Applications – Certain General Obligation Refunding Bonds**July 1, 2025****Page 3**

Section 4. The Secretary of the Commission shall cooperate with the unit in the preparation of such offering documents and other instruments that will be used in connection with the sale of such bonds and the Commission hereby approves such use of the offering documents in connection with the sale and issuance of the bonds.

Section 5. If the bonds are sold at private sale, the Secretary of the Commission or any Deputy Secretary is hereby authorized to execute and deliver a Bond Purchase Agreement or similar instrument with one or more financial institutions regarding the sale of any bonds covered by this resolution containing such terms as shall be satisfactory to him or her. The Secretary of the Commission or any Deputy Secretary is hereby authorized to approve the forms of other documents relating to the bonds and to execute and deliver such other documents on behalf of the Commission.

Section 6. The Secretary of the Commission or any Deputy Secretary is authorized to provide for the execution and delivery of the bonds approved pursuant to this resolution in accordance with the resolution adopted by the governing body of the unit of local government issuing the bonds. The Secretary is authorized to cause the certificate required by G.S. 159-129 to be placed on general obligation bonds approved pursuant to this resolution. Such certificate on the general obligation bonds will evidence the Commission's approval and proof that the conditions and requirements set forth in this resolution have been satisfied.

Section 7. The Commission hereby approves the selection by the unit of the financial consultants, underwriters and bond attorneys to be associated with the bond issue that are set forth in an application, so long as the selection by the unit is made in accordance with G.S. 159-123(e).

Local Government Commission

RESOLUTION APPROVING APPLICATIONS OF UNITS OF LOCAL GOVERNMENT FOR THE ISSUANCE OF REVENUE REFUNDING BONDS IF THE REFUNDING ISSUE MEETS CERTAIN CRITERIA AND AUTHORIZING THE PUBLIC OR PRIVATE SALE OF SUCH REFUNDING BONDS

WHEREAS, The Local Government Finance Act, Chapter 159 of the General Statutes of North Carolina (the "Act") in Article 5 thereof prescribes a uniform system of limitations upon and procedures for the exercise by all municipalities (as defined in Article 7 of the Act) in North Carolina of the power to finance revenue bond projects through the issuance of revenue bonds;

WHEREAS, G.S. 159-85 provides that no revenue bonds may be issued under the Act unless the issue is approved by the Local Government Commission (the "Commission") following the filing of an application with the Secretary of the Commission for Commission approval of the issue, which application shall state such facts and have attached to it such documents concerning the proposed revenue bonds and the financial condition of the issuing unit as the Secretary may require;

WHEREAS, G.S. 159-86 provides that the Commission shall approve the application if, upon the information and evidence it receives, it finds and determines the matters covered by Section 159-86 and described below; and

WHEREAS, from time to time units of local government have opportunities to issue refunding bonds under the Act in refunding transactions that produce debt service savings to the unit as a result of market conditions at the time of the sale and issuance of the refunding bonds; frequently time is of the essence in obtaining access to financial markets for the sale of such refunding bonds; and the Commission has determined to facilitate timely market access to the financial markets by approving applications for the issuance of refunding bonds under the Act under certain conditions;

WHEREAS, Article 7 of the Act authorizes the Commission to sell revenue bonds to refund revenue bonds at private sale without advertisement to any purchasers thereof at such prices as the Commission determines to be in the best interest of the issuing unit, subject to the approval of the governing board of the issuing unit or one or more persons designated by resolution of such governing board to approve such prices, and the Commission has determined to authorize the private sale of refunding bonds that meet the requirements of this resolution;

NOW, THEREFORE, BE IT RESOLVED by the Local Government Commission that:

Section 1. The Commission hereby approves the issuance of revenue bonds pursuant to applications that may be filed with the Commission by municipalities (as defined in Article 7 of the Act) for the issuance of revenue refunding bonds under the Act if (i) the refunding produces net debt service savings to the unit, (ii) the refunding debt does not have a final maturity later than the final maturity date of the debt to be refunded, (iii) the refunding transaction produces approximately level annual debt service savings to the unit over its duration and (iv) the additional requirements set forth in Section 2 are satisfied. An application so filed shall include a financial analysis prepared by or on behalf of the unit setting forth

the debt service on the bonds to be refunded and the expected debt service on the refunding bonds, which analysis must demonstrate that the requirements of (i), (ii) and (iii) are met.

Section 2. G.S. 159-86 provides that the Commission shall approve an application for a revenue bond issue under the Act if it makes the findings and determinations set forth therein. The approval by the Commission set forth in Section 1 of applications for the issuance of revenue refunding bonds is based on the following findings and determinations by the Commission and additional requirements of an application:

- (1) The finding that the proposed bond issue is necessary or expedient is based on the requirement that the refunding issue must produce net debt service savings, may not have a final maturity date later than the final maturity date of the refunded bonds and must produce approximately level annual debt service savings to the unit, and therefore the refunding issue is expedient.
- (2) The finding that the proposed amount of such proposed refunding bonds is adequate and not excessive for the proposed purposes thereof is met if the refunding bonds are issued in an amount sufficient to refund the refunded bonds and pay related costs of issuance of the refunding bonds and for no other purpose.
- (3) The finding that the proposed project is feasible, to the extent applicable, is based on the requirement that the refunding issue must produce net debt service savings, may not have a final maturity date later than the final maturity date of the refunded bonds and must produce approximately level annual debt service savings to the unit, and therefore the refunding issue is feasible.
- (4) The finding that the unit's debt management procedures and policies are good is met if the unit has not defaulted on any debt obligation in the preceding ten years, has timely filed its most recent audited financial statements with the Commission in accordance with the then current Commission requirements and is not a unit on the most recent Unit Assistance List issued by the Department of State Treasurer.
- (5) The finding the proposed bonds can be marketed at reasonable rates of interest is met if the Secretary of the Commission determines that the interest rate assumptions used for financial analysis filed with the application are consistent with the interest rates realized in actual sales of comparable revenue bonds of local governments in the State that have been recently sold.

Section 3. Bond issues approved by the Commission pursuant to this resolution may be sold at public or private sale as requested by the unit in the application for approval. If the bonds are sold at public sale, the bonds shall be sold in accordance with Article 7 of the Act. If a unit requests a private sale of bonds, the unit shall adopt and file with the Commission the resolution required by G.S. 159-123 prior to any sale of the bonds.

Section 4. The Secretary of the Commission shall cooperate with the unit in the preparation of such offering documents and other instruments that will be used in connection with the sale of such bonds and the Commission hereby approves such use of the offering documents in connection with the sale and issuance of the bonds.

Section 5. If the bonds are sold at private sale, the Secretary of the Commission or any Deputy Secretary is hereby authorized to execute and deliver a Bond Purchase Agreement or similar instrument with one or more financial institutions regarding the sale of any bonds covered by this resolution containing such terms as shall be satisfactory to him or her. The Secretary of the Commission or any Deputy Secretary is hereby authorized to approve the forms of other documents relating to the bonds and to execute and deliver such other documents on behalf of the Commission.

Section 6. The Secretary of the Commission or any Deputy Secretary is authorized to provide for the execution and delivery of the bonds approved pursuant to this resolution in accordance with the resolution adopted by the governing body of the unit of local government issuing the bonds. The Secretary is authorized to cause the certificate required by G.S. 159-129 to be placed on revenue bonds approved pursuant to this resolution. Such certificate on the revenue bonds will evidence the Commission's approval and proof that the conditions and requirements set forth in this resolution have been satisfied.

Section 7. The Commission hereby approves the selection by the unit of the financial consultants, underwriters and bond attorneys to be associated with the bond issue that are set forth in an application, so long as the selection by the unit is made in accordance with G.S. 159-123(e).

Section 8. This resolution shall be effective immediately upon its adoption and applies to applications for the issuance of revenue refunding bonds filed with the Commission on or after the effective date hereof.

Local Government Commission

RESOLUTION APPROVING APPLICATIONS OF UNITS OF LOCAL GOVERNMENT FOR APPROVAL OF CERTAIN FINANCING AGREEMENTS IF THE AGREEMENT IS FOR REFINANCING OBLIGATIONS UNDER A PRIOR FINANCING AGREEMENT AND IF THE NEW AGREEMENT MEETS CERTAIN CRITERIA

WHEREAS, Article 8 of The Local Government Finance Act, Chapter 159 of the General Statutes of North Carolina (the "Act") applies to any contract, agreement, memorandum of understanding, and any other transaction having the force and effect of a contract (other than agreements made in connection with the issuance of revenue bonds, special obligation bonds issued pursuant to Article 7A of this Chapter, or of general obligation bonds additionally secured by a pledge of revenues) made or entered into by a unit of local government (as defined by G.S. 159-7(b) or, in the case of a special obligation bond, as authorized in G.S. 159-146), relating to the lease, acquisition, or construction of capital assets, which contract meets the requirements set forth in G.S. 159-148;

WHEREAS, G.S. 160A-20(e) provides that contracts entered into by a unit of local government (as defined therein) are subject to approval by the Local Government Commission (the "Commission") if they meet the requirements set forth in G.S. 160A-20(e) and are not otherwise excepted under G.S. 160A-20(e);

WHEREAS, G.S. 159-149 provides that a unit of local government may not enter into any contract subject to Article 8 of the Act unless it is approved by the Commission following the filing of an application with the Secretary of the Commission for Commission approval of the contract, which application shall state such facts and have attached to it such documents concerning the proposed contract and the financial condition of the contracting unit as the Secretary may require;

WHEREAS, G.S. 159-151 provides that the Commission shall approve the application if, upon the information and evidence it receives, it finds and determines the matters covered by Section 159-151 and described below; and

WHEREAS, from time to time units of local government have opportunities to realize debt service savings by entering into agreements to refinance existing agreements previously entered pursuant to G.S. 160A-20 or otherwise subject to G.S. 159-148 on account of market conditions at the time of the refinancing arrangement; frequently time is of the essence in obtaining access to financial markets for entering into the refinancing arrangements; and the Commission has determined to facilitate timely market access to the financial markets by approving applications to refinance existing agreements previously entered pursuant to G.S. 160A-20 or otherwise subject to G.S. 159-148 under certain conditions;

NOW, THEREFORE, BE IT RESOLVED by the Local Government Commission that:

Section 1. The Commission hereby approves contracts subject to Commission approval pursuant to G.S. 159-151 requested under applications that may be filed with the Commission by units of local government if (i) the contract is an arrangement to refinance a unit's payment obligations under a contract previously approved by the Commission pursuant to G.S. 159-151, the refinancing produces net savings to

Resolution Approving Applications – Certain Refinancing Agreements**July 1, 2025****Page 2**

the unit with respect to the payment obligations coming due under the contract, and there is no increase in the principal amount other than a reasonable amount of costs of issuance for the refinancing, (ii) the payment obligations under the refinancing contract do not have a final payment date later than the final payment date of the payments to be refinanced, (iii) the refinancing transaction produces approximately level annual savings to the unit over its duration with respect to the payment obligations coming due under the existing contract and the proposed refinancing contract, and (iv) the additional requirements set forth in Section 2 are satisfied. An application so filed shall include a financial analysis prepared by or on behalf of the unit setting forth the payment obligations under the contract to be refinanced and the payment obligations under the refinancing contract, which analysis must demonstrate that the requirements of (i), (ii) and (iii) are met.

Section 2. G.S. 159-151(b) provides that the Commission shall approve contracts subject to Commission approval pursuant to G.S. 159-151 if it makes the findings and determinations set forth therein. The approval by the Commission set forth in Section 1 of applications for contracts subject to Commission approval pursuant to G.S. 159-151 is based on the following findings and determinations by the Commission and additional requirements of an application:

- (1) The finding that the proposed refinancing is necessary or expedient is satisfied by the requirement that the refinancing arrangement must produce net savings, final payment dates must be no later than the payment date of the payments to be refinanced, and the refinancing arrangement must produce approximately level annual savings to the unit over its duration, and therefore the refinancing arrangement is expedient.
- (2) The finding that the contract, under the circumstances, is preferable to a bond issue for the same purpose is satisfied since the Commission would have been required to make such a finding in connection with its approval of the financing contract being refinanced.
- (3) The finding that the sums to fall due under the contract are adequate and not excessive for the proposed purposes thereof is satisfied if the refinancing amount is only sufficient to refinance the financing contract being refinanced and pay related costs of issuance and for no other purpose.
- (4) The finding that the unit's debt management procedures and policies are good is met if the unit has not defaulted on any debt service obligation in the preceding ten years (as confirmed by a signed statement from the unit), has timely filed its most recent audited financial statements with the Commission in accordance with the then current Commission requirements and is not a unit on the most recent Unit Assistance List issued by the Department of State Treasurer.
- (5) The finding that the increase in taxes, if any, necessary to meet the sums to fall due under the contract will not be excessive is satisfied because the refinancing arrangement will result in lower sums to fall due than would have been due under the original contract.
- (6) The finding that the unit is not in default on any of its debt service obligations is met if, based on the Commission's records, the unit's records, and a signed statement by the unit, the unit is not in such a default.

Section 3. If a unit of local government files an application as provided by Section 1 that meets the additional requirements of Section 2 as certified by the Secretary of the Commission, this resolution shall constitute the order approving the unit's application pursuant to G.S. 159-152. The Secretary is hereby authorized to evidence the Commission's approval by a certification of such approval as provided by G.S. 159-149 and the certification will be proof that the conditions and requirements set forth in this resolution have been satisfied.

Section 4. The Secretary of the Commission shall cooperate with the unit in the preparation of such offering documents and other instruments that will be used in connection with the refinancing arrangement and the Commission hereby approves such use of the offering documents and other instruments. The Secretary of the Commission or any Deputy Secretary is hereby authorized to approve the forms of other documents relating to the refinancing arrangement and to execute and deliver such other documents on behalf of the Commission.

Section 5. This resolution shall be effective immediately upon its adoption and applies to applications for the approval of refinancing contracts or arrangements filed with the Commission on or after the effective date hereof.
