Brief Description of Program: Each Soil and Water Conservation District is appropriated \$3,600 each year to be used for general operational expenses of the district. These funds can be used for salaries of secretarial and technical personnel, communications, printing, supplies, equipment, watershed development, conservation demonstrations, educational projects and other purposes specifically approved by the Soil and Water Conservation Commission. They cannot be used for supervisor's travel and per diem in excess of reimbursement normally paid by the Commission or for dues to area, State Association and the National Association of Conservation Districts (NACD).

Organizations Funded: ☐ Private ☒ Local Government ☐ Both

Source of Funds: State **X** Federal
