N.C. DPI Confirmation Reports:

Confirmation of Funds Expended and/or Disbursed from the State Public School Fund and Federal Programs will be available at the North Carolina DPI DART reporting system. The system provides an electronic view of Year-to-Date (YTD) financial reports in response to requests for confirmation from independent auditors.

Financial

Monitoring@dpi.nc.gov

The auditor should **not** consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor **can** consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This State compliance supplement must be used in conjunction with the OMB 2026 Compliance Supplement which is scheduled to be issued in May 2026. The OMB supplement will include “Part 3 - Compliance Requirements,” for the types that apply, and “Part 6 - Internal Control.” If a federal Agency issued guidance for a specific program, this will be included in “Part 4 - Agency Program”. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

The objective of Title I, Part A of the Elementary and Secondary Education Act (ESEA) of 1965, as amended by the Every Student Succeeds Act (ESSA), is to provide funds through State Education Agencies (SEAs), North Carolina Department of Public Instruction (DPI), to Local Education Agencies (LEAs) and Charter Schools to meet the educational needs of educationally disadvantaged children in school attendance areas with high concentrations of children from low-income families. The objective is to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State Performance standards developed for all children.

II. PROGRAM PROCEDURES

Funds are provided to DPI for allocation to LEAs and Charter Schools based on a statutory formula. These funds are allocated to each LEA and Charter School for distribution to eligible school attendance areas/schools, in rank order, based on the total number of children from low-income families. Funds are granted to LEAs and Charter Schools that have currently approved plans/project applications on file with DPI. The plan describes how the LEA or Charter School will enable participating schools to substantially help children served meet the standards expected of all children. Funds are then distributed to eligible school attendance areas/schools that have currently approved school plans on file with the LEA or Charter School that describe how the schools will provide children served the opportunity to meet the standards expected of all children.

Funds are distributed according to the cash request procedures discussed in the DPI Cross-Cutting Requirements, DPI-0.

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements (Types) that are applicable to the federal program. These Types are either determined by the federal agency or the State Agency may have added the Type. This is noted by "Y." If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is discussed in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, this is indicated by "N."

If the Type is applicable, the auditor must determine if the Type has a direct and material effect on the federal program for the auditee. The auditor must use the OMB 2026 Compliance Supplement, Part 3 and Part 4 (if an OMB supplement is issued) in addition to this State supplement to perform the audit.

Cross Cutting Requirements	Activities Allowed or Unallowed	Allowable Costs/ Cost Principles	Cash Management	Eligibility	Equipment/ Real Property Management	Matching, Level of Effort, Earmarking	Period of Performance	Procurement Suspension & Debarment	Program Income	Reporting	Subrecipient Monitoring	Special Tests and Provisions
Y	Y	Y	Y	Y	Y	Y	Y	Y	N	Y	Y	Y

A. Activities Allowed or Unallowed

Compliance Requirement - Funds may be used by an LEA, Charter School or other operating agency only in accordance with the approved State plan and only for those services or activities in its project application. Expenditures must be reported to the SEA each month.

Audit Objective - To determine that expenditures are allowable and are properly recorded.

Suggested Audit Procedures - Obtain a copy of the Budget Balance Reconciliation Report from DART or the finance officer and compare it to local accounting records for appropriateness. Test expenditure and related records to determine if expenditures were made only for those services or activities in the project application.

- Examine expenditures for appropriate approval and documentation.
- Obtain a copy of the project plan and review expenditures to determine that expenditures are in accordance with the project plan.
- Determine that personnel paid from these funds do not exceed budgeted personnel in approved program budget.

B. Allowable Costs/Costs Principles

Addressed in the NC Department of Public Instruction Cross-cutting Requirements.

C. Cash Management

Addressed in the NC Department of Public Instruction Cross-cutting Requirements.

E. Eligibility

Compliance Requirement

In a targeted assistance school, an LEA/Charter School must use funds only for children identified by the school as failing, or most at risk of failing, to meet the State's challenging student performance standards. In schools operating a school-wide program, an LEA/Charter School may use Title I funds, in combination with other Federal, State, and local funds to upgrade the entire education program. An LEA/Charter School must conduct Title I programs in school attendance areas having high concentrations of children from low-income families. If funds are insufficient to provide programs in all eligible areas, the LEA/Charter School must annually rank and serve, without regard to grade span, eligible school attendance areas in which the concentration of children from low-income families exceeds 75 percent from highest to lowest according to the percentage of children from low-income families. If funds remain after serving all eligible school attendance areas at or above 75 percent low-income, the LEA/Charter School shall annually rank and serve the remaining school attendance areas from the highest to lowest either by grade span or for the entire LEA/Charter School according to the percentage of children from low-income families.

Audit Objective - To determine that funds are used only for the education of eligible children.

Suggested Audit Procedure - Identify the source of the information used to determine the percentage of students from low-income families and consider its reliability.

Eligibility for Sub-recipients – The Department of Public Instruction program consultant determines if the eligibility requirements are met when the project is approved.

F. Equipment and Real Property Management

Addressed in the NC Department of Public Instruction Cross-cutting Requirements.

G. Matching, Level of Effort, Earmarking

1. Matching

This compliance requirement does not apply at the local level. No testing is required.

2. Level of Effort

Addressed in the US Department of Education Cross-Cutting Section. Part 4, 84.000.

3. Earmarking

Addressed in the US Department of Education Cross-Cutting Section.

Compliance Requirement - A school unit may spend no more than 12% of its yearly allotment for administration and supervision of the Title I program (N. C. State Board of Education Policy)

Audit Objective - To determine that the sub-recipient did not spend more than 12% of its funds for administration and supervision.

Suggested Audit Procedure - Ascertain the amount of Title I expenditure. Review expenditure records and supporting documentation for administrative costs. Ascertain that the administrative cost is within the 12% requirement following the outlined formula.

Include any account with the following Purpose and Object Codes.

Purpose Codes		Object Codes	Object Codes Cont.
6300	Administration	113	211, 221, 231, 311, 312, 326,
		151	327, 332, 341, 342, 343, 411,
		183	418, 461, 462, 471, 541, 542
		196	
		197	
		199	
8100	Indirect Cost	392	

Determine the Allotment amount for the current fiscal year (Do not include carryover).

Example:

FY 2017-18 Allotment \$600,000.00

Calculate the Allowable Amount of Administrative Costs by multiplying the Allotment amount by the current year's percentage limitation. FY 2018-19 (12%)

Example:

\$600,000 x 12% =

\$72,000.00

Allowable amount of Administrative Costs

Determine the Administrative Cost using the codes below:

Example:

6300-0050-113 30,000.00

6300-0050-151 10,000.00

6300-0050-211 3,060.00

6300-0050-221 2,328.00

6300-0050-231 6,864.00

8100-0050-392 1,500.00

Total Administration 53,752.00

Compare the Allowable amount of Administrative Costs to the total Administrative Cost.

When the total administrative expenditures are less than the allowable amount of administrative costs, LEAs / Charter Schools are compliant.

Example:

\$72,000.00 - 53,752.00 = \$18,248.00

The remaining \$18,248 represents unused allowable administrative capacity for the fiscal year. Unused administrative authority does not carry forward; any funds carried over remain subject to the applicable administrative limitation when expended.

H. Period of Availability of Federal Funds

Addressed in the US Department of Education Cross-Cutting Section

Compliance Requirement - Expenditures may not be incurred before the project begins. Any expenditures prior to the beginning date are considered unallowable and must be refunded to DPI.

Audit Objective - To determine that no expenditures were incurred prior to the date the project began.

Suggested Audit Procedure - Review transactions to verify that no expenditures were incurred prior to the approved application beginning date.

I. Procurement and Suspension and Debarment

Addressed in the US Department of Education Cross-cutting Section and NC Department of Public Instruction Cross-cutting Requirements.

J. Program Income

This compliance requirement does not apply at the local level. No testing is required.

L. Reporting

Addressed in the US Department of Education Cross-cutting Section and NC Department of Public Instruction Cross-cutting Requirements.

M. Subrecipient Monitoring

This compliance requirement does not apply at the local level. No testing is required.

N. Special Tests and Provisions

Compliance Requirement - An LEA/Charter School must: (a) use the State assessments described in the State plan under section 1111 of Title I; (b) use any additional measures or indicators described in the LEA's or Charter School's plan to monitor students' progress in meeting the challenging State Academic Standards as defined in section 1112(b)(1); (c) publicize and disseminate to teachers and other staff, parents, students and the community, the results of the annual review of all schools served in individual school profiles that include statistically sound disaggregated results as required in section 1112(e); and (d) provide the results of the local annual review to schools so that the schools can continually refine the program of instruction to help all children in those schools meet the State's student performance standards. (Section 1114 and 1115)

Audit Objective - To determine whether the LEA/Charter School has conducted the required Title I evaluations.

Suggested Audit Procedures - Review the LEA/Charter School's annual review of schools served.

- Verify that the results of the review were publicized and disseminated as required.
- Verify that the state assessments and other measures were used to determine that the school is making adequate progress.
