The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

COMMUNITY BASED CHILD ABUSE PREVENTION PROGRAM

This compliance supplement must be used in conjunction with the OMB 2023 Compliance Supplement which will be issued in the summer. This includes “Part 3 - Compliance Requirements,” for the types that apply, “Part 6 - Internal Control,” and “Part 4 - Agency Program” requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

PROGRAM OBJECTIVES

The purposes of the Community Based Child Abuse Prevention Programs (CBCAP) are: (1) to support community-based efforts to develop, operate, expand, enhance, and coordinate initiatives, programs, and activities to prevent child abuse and neglect and to support the coordination of resources and activities to better strengthen and support families to reduce the likelihood of child abuse and neglect; and (2) to foster understanding, appreciation and knowledge of diverse populations in order to effectively prevent and treat child abuse and neglect.

I. PROGRAM PROCEDURES

The North Carolina Department of Health and Human Services (DHHS), Division of Social Services (DSS) obtains this funding by submitting the Annual Progress of Service Report and the CBCAP Annual Plan/Application to the Administration of Children and Families (ACF). Funds are awarded to jurisdictions based on availability. These funds are awarded to the State at a rate of 80% federal financial participation. The State uses in-kind funds from the NC Partnership for Children to meet the required 20% match.

The CBCAP Grant is administered by the North Carolina DHHS - DSS. Family Support Services funds are awarded by DSS through a competitive Request for Applications (RFA), an assessment of the ability and capacity of the organization to implement community-based programs, and availability of funding. An independent review team reviews and scores the applications. The recommendations of this team are forwarded to the Community Prevention Program Manager, Safety and Prevention Section Chief, and Deputy Director for Child Welfare Practice for approval. Once this process is completed, a formal award notification is sent to approved applicants. The applicant’s budget becomes part of the contract between the grantee and DSS. The contract narrative will contain a listing of approved services and activities for a particular program.

Subrecipients are reimbursed through submission of the DSS-1571 III Administrative Costs Report to the NC DHHS Controller’s Office. A subgrantee under this grant is subject to provisions of Omni Circular. All federal and state requirements are communicated to the subrecipients as part of the RFA and contracting process.

The State is required to monitor, evaluate, and report on all programs funded by this grant in accordance with regulations adopted by DSS, which can be found at <https://www2.ncdhhs.gov/dss/Monitoring/index.htm>.

These funds may be used for an array of programming including but not limited to:

- Provide comprehensive support for parents;
- Promote the development of parenting skills;
- Improve family access to formal and informal resources and supports;
- Support needs of parents with disabilities through respite or other activities;

COMMUNITY BASED CHILD ABUSE PREVENTION PROGRAM

- Provide referrals for early health and development services as well as other community-based services;
- Promote meaningful parent leadership;
- Provide Concrete Services; and
- Family Resource Center based activities; and
- Transport family members to and from services and activities.

III. COMPLIANCE REQUIREMENTS

Below on the matrix are the types of compliance requirements are applicable to the federal program, noted as “Y,” as determined by the federal granting agency if the federal program is listed in Part 2 of the OMB 2023 Compliance Supplement. A State agency may have added a Type. If the program is not listed in Part 2, the State Agency has determined the applicable Types. If a Type, applicable by OMB, does not apply at the local level or if the State has modified the federal requirements at the local level, this should be explained in the supplement under the Type. A Type that is not applicable at the local level is noted by “N.”

If a particular Type is noted as “Y,” the auditor must determine if the Type has a direct and material effect on the federal program for the auditee. For each Type of compliance requirement, the auditor must use the OMB 2023 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.
