North Carolina Capital Facilities Finance Agency

Annual Report

June 30, 2021

The North Carolina Capital Facilities Finance Agency (NCCFFA or Agency) was created in 1986 to provide the benefits of tax-exempt financing to nonprofit private institutions of higher education in the State of North Carolina. It was originally named the North Carolina Educational Facilities Finance Agency. The act that created the NCCFFA was amended in the 1998 session of the General Assembly (Session Law 1998-124) to broaden its powers to permit financing facilities of kindergarten, elementary and secondary nonprofit private schools. This act was then amended again in the 1999-2000 session of the General Assembly (Senate Bill 1472) to change to the present name and to allow the Agency to finance additional types of capital projects with public purposes. Since 2000, subsequent amendments by the General Assembly have authorized financings for various other nonprofit entities within specified parameters. A state legislative change enacted in 2009 authorized the Agency to issue Recovery Zone Facility Bonds in accordance with the enactment of the federal American Recovery and Reinvestment Act of 2009 for projects within locally declared recovery zones that promote economic development and increased employment. The legislative authority to issue Recovery Zone Facility Bonds expired on December 31, 2010.

The NCCFFA is governed by a Board of Directors composed of seven members. Two of the members are the State Treasurer and the State Auditor, each of whom serve ex-officio. The remaining members are residents of the state who do not hold public office and are appointed in the following manner:

- The General Assembly on the recommendation of the President Pro Tempore of the Senate appoints one director
- The General Assembly on the recommendation of the Speaker of the House appoints one director
- The Governor appoints three directors
- The Chairman and Vice Chairman of the Board of Directors are designated by the Governor

The NCCFFA is staffed by the State and Local Government Finance Division of the Department of State Treasurer. The operations of the NCCFFA are combined with and inseparable from those of the Department of State Treasurer and are subject to reviews and audit by the North Carolina State Auditor's Office.

The Local Government Commission is composed of a nine-member board of directors chaired by the State Treasurer. Since the early 1930s, the LGC has assisted counties and cities in the areas of debt and fiscal management. In addition to approving bonds of the NCCFFA, the LGC approves almost all North Carolina local government debt.

During the fiscal year ended June 30, 2021, the NCCFFA approved approximately \$209 million in bonds for 3 institution. A list of all the approvals is attached as Schedule A.

Since its creation in 1986, the NCCFFA has issued approximately \$9.48 billion in tax-exempt capital financings. As of June 30, 2021, approximately \$1.5 billion in these bonds were outstanding. Schedule B lists transactions corresponding to those outstanding bonds. There have been no defaults on any NCCFFA financings. Each issue is payable solely from revenues derived from each entity financed, is separately secured, and is separate and independent from all other series of bonds as to source of payment and security.

Schedule A

North Carolina Capital Facilities Finance Agency Transactions Approved for Fiscal Year 2020-21

Issuer	Amount	Purpose	Issue Date
Duke University	\$ 113,660,000	Various Projects	November 18, 2021
